## by Terry Williams

We can never receive enough used truck sales reports. The more we get the better our ability to put a value on units. The better our ability to value a unit, the better your ability to make a profit. The OEMs and some independents have been reporting used truck sales for years. But there is a significant gap in the information flow.

The majority of independents do not report their sales. I would like to see more of the independents reporting. Therefore, The Truck Blue Book is making available our handydandy Used Truck Sales Report. It is a very simple spreadsheet. All you do is fill in the blanks and send it back to me.

Yes! It is that simple. For those of you new to the business, here is a graphic showing you what you will see in the spreadsheet and what sort of information is needed in order to value the vehicle properly.
Email me at twilliams@truckbluebook.com and I will send you the spreadsheet.

## The Truck Blue Book Used Truck Sales Report

Fill out the most current information for: Retail Period: 2nd Quarter Submitting Dealership: Used Truck Dealer
City: Kansas City State: Missouri Phone: 800-555-3366 OEM Representation: None
